

Soul Survivor Prayer Points 2017

In preparation:

- Logistics would come together quickly, safely and be stress-free
- For young people;
 - that they would be eagerly anticipating meeting with God
 - that any anxiety about the trip; being away from home, sleep, food, friendships etc. would fade
 - for friendships to begin to gel and grow stronger
- For our leaders; that they would gel as a team, and have the energy and excitement required
- For the Soul Survivor team already in Peterborough, as they plan and prepare the programme

On our return:

- That young people would not find the transition into normal life too difficult
- For good family time
- For confidence amongst the young people to share what they have experienced
- For resilience in young people to keep running the race ahead
- For leaders' recovery!!
- For the physical 'aftermath'; cleaning, packing, storing equipment would go smoothly.
- For the Soul Survivor Team in their recovery, review and response to all that God has done
- For our church family, that we would all benefit greatly from how God has been at work in our young people.
