PARISH CHURCHES

PRAYER TOPICS March 2025

People may spurn our appeals, reject our message, oppose our arguments, despise our persons, but they are helpless against our prayers.

Suggestions to start off your prayers for some issues the Lord cares about... Pray for tomorrow's services and the second Alpha session, for the Holy Spirit to be working in everyone. Saturday 1st • 10 am All age (David leading, Clare speaking) March • 3-4.30 pm Alpha 6 pm Blackheath Holy Communion (Colin) Pray for the PCC meeting tomorrow, for a prayerful and united spirit, for routine business to be concluded quickly, and for the Sunday 2nd main focus to be on aspects of mission. With the APCM next March month, also pray about the right people to be called as new churchwarden and new members. Pray for David, our Vicar. Pray for him to manage his workload without a sense of strain. Pray for the Holy Monday $\mathbf{3}^{\mathsf{rd}}$ Spirit to be at the heart of everything he does, anointing March his preaching, his prayer life and his vision, bringing much fruit and protecting him from all attacks of the evil one. Pray for Palestine in the increasingly fraught situation. The Tuesday hatred that drives Hamas is not lessened, nor Israel's ruthless 4th land-grabbing. America also has abandoned any pretence of March respect for international law. Pray for God to glorify His name. Pray for the Chatterbox meeting tomorrow and each Thursday during term. Pray that in the time before Wednesday 5th families move through the toddler phase, all the March parents will have found Christ for themselves. Pray for Clare and her teams, for the Lord to bring much lasting fruit. Pray for Ukraine, for many to turn to Christ and for military Thursday 6th success. Ask God to guide and strengthen President Zelenskyy. Stopping a war is easy if you surrender (and no conditions March

Putin). Ask God for miraculous protection for Ukraine. Pray for our mission partner Great Lakes Outreach (GLO) who work in Burundi. Pray for full partner APRID, whose mission is to reach out to Muslims in love to present them with the gospel through any means available, e.g. public debates, door-to-door outreach, putting stories on social media. APRID trains churches and produces printed resources for both Christians and Muslims to engage healthily and knowledgeably, avoiding polemics and misrepresentation. Where Muslim-background believers are persecuted, APRID assists financially. "Muslims are not our enemies they are desperate to know the truth." Pray for tomorrow's services and the third Alpha session, asking God to soften hearts and open minds, and to speak directly to everyone involved. Pray for warm friendship in the Alpha group. 8 am BCP Communion (Patsy) 10 am Morning Worship (Nick Bamber leading, Caroline Stearman preaching) 3-4.30 pm Alpha Pray for the UK government, particularly in its international responsibilities. Pray too for the devolved governments and mayors, dealing with vital local issues. Pray for a spirit of service at every level. Ask God for mercy on our nation. Pray for outreach in our parish. Culturally, the gospel is not an acceptable topic of conversation. Pray for God to break this down in our parish, giving all Christians the needed gifts in their particular situation, so we are truly 'the salt of the earth'. Pray for Paddy in all his work as International Chaplain for Jews for Jesus (25 hours a week plus specific events) and specially for tomorrow, as he leads a retreat all day on Zoom for staff in Israel (Zoom all day can be stressful for all concerned!). The work is to bring Jews to faith in Jesus as true Messiah without asking them to lose their Jewish culture. Pray for our county, borough and parish councils as they deliver local services on inadequate funds. Ask God to prosper the work and thinking of both councillors and staff. This is added to by the government
